Many teenagers nowadays want to grow up very early. They ~~think~~ that growing up is cool and amazing. But did they forget how great was being kids? Let's talk about this.

Kids are ~~ever~~ always happier than their parents. That's because childhood is usually great and unforgettable time, but elder people life is sometimes boring and too serious. When you ~~are~~ are a child you don't think much about problems in your life. Parents buy you new clothes, make you taste food and help you with learning some difficult things. They always near and they understand you.

When you become older you need to choose your own way of life. Parents ~~aren't~~ aren't with you everytime. So, you have to remember, that growing up is very important. Being child isn't silly or shamefull. In my opinion person's best part of life is childhood.
