It is truth that the happiest time of a person's life is Childhood, and I have many reasons to think about. The first, when you ~~are~~ ^{are} a child, you have ~~only~~ ^{so} only small problems, and don't think about, "Where I can find some money" or "Where I can live," But you think, for example "Hmm, where is my toy, it ^{was} my favorite car!"

The second, ~~of course~~ in Childhood you can be very funny and smile ^{always} always, but if you are an Adult and have always smile, someone of course will tell you that you are crazy.

And the last. I want to say ~~it is~~ that when you are a child you ~~are very often~~ don't know about hungry and other bad things, and it is very good reason why Childhood is the better time in your life.
