Dear Alice,

I'm sorry I couldn't answer the letter earlier because I was busy with my school.

Thank you for your letter, I'm so glad to read it.

In your letter you asked me about a Russian city and I want to answer: Every year I go to Vladivostok. There I go to the museums, parks and shops. This town is very beautiful and interesting. I learn it, build. In this town I can know something new about history town, biography popular people. I don't want go to the Saint Petersburg, because it is very often rainy here, but it is very interesting and beatiful town.

I'm sorry but I have to go and help my mother to clean the window.

Take care and keep in touch
With best wishes,
Nastya
