People think that childhood is the happiest time of a person's life and I agree with <sup>his</sup> statement.

In this time people <sup>get to</sup> know this world.

He asks questions his mum and dad, <sup>and</sup> receives answer <sup>all</sup> from people to <sup>about</sup> discovered world.

When people <sup>are</sup> small <sup>they</sup> only all study, but when <sup>they</sup> he grow, <sup>they</sup> he <sup>start</sup> <sup>to</sup> study <sup>and</sup> children and they <sup>start</sup> <sup>to</sup> ask questions.

Later people <sup>do</sup> not think about <sup>their</sup> childhood.

They think about old life. This <sup>way</sup> I want <sup>to</sup> tell <sup>about</sup> most happy our childhood, go to school, eat sweets and be happy
