I agree with the statement, because it's truth. Nowadays, the ~~times~~ <sup>periods</sup> of a person's life are very problematic, hard. And only Childhood is <sup>the</sup> best and happiest time of a person's life, because when you are a child, you can do interesting things, can do <sup>everything</sup> all. In other ~~times~~ <sup>periods</sup> of a person's life you have many problems, you must study, work, do, what ~~say~~ <sup>are said</sup> you. But, when you are young, you must only study, and it's all. You can walk, where you want, do, what you want. ~~And when you are old, you are~~ <sup>adults? elderly?</sup> ~~not~~ For example, children the old men go to the job, later they go home and ~~do~~ cook the meal or do something. They must ~~to~~ work. But children mustn't.
