Writing

Time: 40 min

In your English class, you have been talking about the importance of exercise and sport in our daily lives. Now, your English teacher has asked you to write an essay.

Write an essay using all the notes and giving reasons for your point of view.

How important is it to practise a sport regularly when you are in your teens?

Write about:

1. health and fitness
2. social life
3. (your own idea)

You should write about **200 - 250** words.

Fitness will make you more happier, because you will feel yourself more beautiful, also fitness can help you to spend your free time. It will make you strong and healthy, nowadays, you have no problem with gyms, because a lot of gyms there are in different cities of the world. By the way, sport in general will help you to feel yourself more confident in your social life, it will help you to open your heart for a society and you will enjoy your life. To be honest, I think that sport can solve all teenagers problems, because often they don't know how to spend their time and sport will help them to get their goals, to have an ideal body.

My opinion about regular sport is positive, but nowadays teens prefer to chatting with friends, to spend their time in social networks, they can hardly understand what I am writing about.

I hope, that future generations will revive sport,
I hope that they will prefer sport ~~more than~~ ^{to the} internet. They become
smarter, but silly and only sport can fix it. I am really
enjoyed of Olympics sport events and of sport in general,
because it can unite ^{the} world.
