Writing

I was really surprised when I read the e-mail. It was an answer from the university that I wanted to study in. The administration welcomed me and congratulated with passing the entrance exams well. I read this e-mail again and again ~~but~~ because I couldn't believe and felt so surprised and confused. Then I went to my mom, told her good news and shared my feelings with her. She hugged me and advised me a good thing. She said to me that this is just a start of my life as an adult and I need to be prepared to all the difficulties that I will meet in the university. I agreed with her, but I wasn't so afraid of my future. Because I believed: ~~if~~ if I studied good at school, in the university I would study even better!
