Summer holidays, ~~It~~ is the longest period of time for students to relax. I personally like summer holidays. I think it is nearly perfect. But if you ask me, I will probably make them a bit longer.

First of all, I understand, that there are a lot of students, that do ~~nothing~~ <sup>nothing</sup> useful during summer holidays. But for high grade students ~~st~~ that would mean more time for preparing for some tests. So, ~~the~~ longer holidays would be much better for learning, just because of <sup>the</sup> huge amount of time, that student would have.

Three months of summer is the best time and also <sup>the best</sup> season for people <sup>gr.</sup> who want to ~~to~~ ~~go~~ change their life completely. You can walk <sup>log</sup> with <sup>sp.</sup> your friends, go to the gym or start working. You ~~get~~ have thousands of options how to spend your free time.

I want to mention that you should remember about your parents, grand parents, sisters and brothers. You should try to spend as much as possible time with them. I personally like to visit my grandparents, despite the fact, that they live in ~~the~~ village. Every summer I help them with some chores. They are getting older, so I must help them.

In conclusion, I think it would be a great idea to make summer ~~holidays~~ <sup>holidays</sup> longer. People would have much more time for learning and some leisure activities. They can change ~~live~~ <sup>live</sup> during this short period of time or just waste it, it all depends on the person.
